

A Note To Our Members

After a successful member vote in April, Carpathia Credit Union and North Winnipeg Credit Union officially amalgamated on July 1, 2019. We are very excited to be moving forward with the process and thought this would be a good time to provide our members with some important updates.

The Details:

- Effective July 1st, 2019 Carpathia Credit Union Limited officially amalgamated with North Winnipeg Credit Union. All staff remain at the branches they previously worked at except for a select few, so you can continue to enjoy the relationships with staff at the same branches you are accustomed to.
- There has been no immediate effect on your daily banking. Carpathia has begun a major banking conversion process that will be finalized in November 2019 and we will only be able to begin converting the former North Winnipeg Credit Union banking system after that time.
- At the present time members of Carpathia Credit Union will not have access to their accounts when attending the former North Winnipeg Credit Union - Leila Branch and vice versa. We are working on a solution to allow access prior to system conversion and we will continue to update members via in branch information, Facebook, e-blast's, and newsletters.
- As we continue the merger process; rates, service charges, and product offerings will continue to be aligned across the amalgamated credit union. As per the practice of both former credit unions, formal notice will be provided prior to any service charge or product structure changes.
- Rebranding of the combined credit union has already begun but will take time to fully complete. As per the communications surrounding the member vote, the amalgamated credit union will be named Carpathia Credit Union and will adopt the logo of the former North Winnipeg Credit Union.
- Carpathia Credit Union will continue to be led by the existing Chief Executive Officer, Mr. Nicholas Rawluk. Nick is well equipped with the vision and experience to lead Carpathia Credit Union through this exciting evolution. North Winnipeg Credit Union's former CEO, Lisa Jaworsky, has assumed an executive role as Chief Member Experience Officer where she will continue to thrive as a committed service and people leader.
- All staff are eager to continue serving the membership under the newly merged credit union with more branches that provide new products and services along with the same friendly service you have formerly experienced.

For any questions or more information visit or contact your local Carpathia Branch.
